

Pavan Kumar Gudimalla

📍 Dayton, Ohio 📞 (937) 219-8284 ✉ pavan.gudimalla10@gmail.com 🔗 LinkedIn 🌐 Portfolio

Professional Summary

Versatile Business & Data Analyst with over 2 years of experience transforming raw data into actionable operational and marketing insights. Proven track record in collaborating with cross-functional teams to streamline complex workflows, develop reporting systems, and optimize digital media campaigns for major streaming platforms. Highly skilled in requirement gathering, predictive modeling, and media planning strategy, translating complex datasets into clear narratives that drive strategic budget decisions, maximize ROI, and empower executive stakeholders.

Technical & Business Skills

Data & Analytics: SQL, Python, R, Databricks, Statistical Analysis, Predictive Modeling, ETL Pipelines, Data Warehousing, Root Cause Analysis
Business Analysis: Requirement Gathering, Gap Analysis, Process Optimization, Agile/Jira, Stakeholder Management, KPI Tracking, Risk Mitigation, UAT
Marketing & Media Analytics: Media Planning, Campaign Optimization, A/B Testing, Audience Segmentation, ROI/ROAS Analysis, Pricing Strategy, Customer Churn Analysis
BI & Visualization: Tableau, Power BI, Advanced Excel (PivotTables, Goal Seek, Power Query), Salesforce, Google Campaign Manager

Professional Experience

OhioHealth Jan 2026 – May 2026
Healthcare Operations Data Analyst (Capstone) Dayton, Ohio

- Partnered with the Lean Promotion Office and business stakeholders to analyze operational data across 18 hospital sites, isolating variances that triggered excessive countermeasures.
- Gathered requirements to evaluate exactly 47 active performance metrics, building an interactive Excel dashboard with adjustable threshold logic to standardize limits and minimize reactive interventions.
- Translated complex operational metrics into actionable data stories, enabling healthcare leadership to optimize resource allocation and stabilize workflow fluctuations.

MediaMint Jan 2022 – Aug 2024
Data Analyst Remote

- Collaborated with cross-functional stakeholders in Revenue Management to define business rules and implement data-driven media planning strategies, optimizing pricing models for major streaming platforms (Disney+, Hulu).
- Conducted gap analysis on complex campaign performance datasets, advising sales leadership on workflow improvements and marketing analytics that maximized budget clearance and return on ad spend (ROAS).
- Gathered reporting requirements to design and automate performance dashboards in Salesforce, translating raw metrics (impressions, CPM, spend) into actionable weekly insights for executive decision-making.
- Facilitated Agile workflows using Jira to manage cross-regional project coordination, ensuring strict SLA compliance, accurate media campaign setup, and process accuracy with near-zero error rates.

Business Intelligence & Analytics Projects

Interactive Sales & Performance Dashboard | *Power BI, Pandas, Plotly*

- Built an interactive self-service dashboard empowering business users to slice sales data by region and product type, significantly accelerating trend identification without analyst intervention.

Customer Churn Prediction & Marketing Strategy | *Python, R, Machine Learning, Databricks*

- Built a predictive machine learning model to identify key drivers of customer attrition and audience drop-off, validating model accuracy to help marketing teams focus on high-impact retention strategies.

Supply Chain & Inventory Optimization | *Advanced Excel, IBM SPSS, Monte Carlo*

- Utilized Monte Carlo simulations and regression analysis to pinpoint supply chain bottlenecks, successfully presenting inventory recommendations to improve overall operational efficiency.

Data Infrastructure and ETL Pipeline Development | *MySQL, Python, Process Optimization*

- Designed a relational database and automated the data pipeline, saving hours of manual data entry and ensuring cross-functional teams worked with clean, reliable data.

Education

Master of Science in Business Analytics, GPA: 3.68/4.0 Graduated: May 2026
University of Dayton Dayton, Ohio

Bachelor of Science in Mathematics, Electronics, and Computer Science Graduated: Jun 2022
Avanthi Degree and P.G. College Hyderabad, India

Certifications & Achievements

Employee of the Quarter (MediaMint): Awarded for successfully facilitating Agile workflows, conducting high-impact gap analyses, and consistently delivering data-driven campaign process improvements.

Certificate of Appreciation (OhioHealth): Recognized for exceptional requirement gathering and translating complex healthcare operational metrics into actionable, highly adopted reporting dashboards.
